DETAILED ACTION

This Office Action is in response to Amendment C, dated 11/12/03, in Paper No. 12.

Election/Restrictions

Newly submitted claims 33-50 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Newly added claims 33-50 constitute independent and distinct species from originally elected claims 11-32, these claims are distinct based upon the following reasons:

Species 1, claims 33-50, pertaining to a method pertaining to forming undoped laminated semiconductor bodies, in contrast originally elected claims 11-24 pertained to the formation of doped laminated bodies formed through the introduction of impurities through a first gate insulating film.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 33-50 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 11-32 are allowed.

The following is an examiner's statement of reasons for allowance:

The reasons for allowance are clear on the record, further the amendment from "laminating" to "laminated" does not alter the scope of Applicant's claim language.

Art Unit: 2813

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

This application is in condition for allowance except for the following formal matters:

Applicant must cancel withdrawn claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
